CANDIDATES ARE NAMED

Republicans Meet to Suggest Men for Municipal Offices

Possibly never in the history of Charleroi was there ever such a representative class of the best citizens present at a political meeting as that which last night met in the Firemen's room to suggest candidates on the Republican ticket for municipal offices. Consequently the class of candidates placed on the ticket to be voted upon at the forthcoming primaries on September 30 were of the best. The work of suggesting the names for the various borough offices was gone through with dispatch and thoroughness.

After the meeting was called to order by Dr. Frank L. Crow, chairman of the first precinct. James J. Hott was elected chairman. Charles O. Frye was elected secretary. Immediately the work of suggesting names began.

The first office for which suggestions were called was that of high constable. Interest centered in the suggestions for school board and council. The following were the names for the various positions as suggested or to be added afterward: High constable—C. W. Albright. Constable—John Higgins, George W. Corey, George Stablain. Auditors—Carl Corwin, Louis Mitchell.

School directors—Two for two years—H. J. Booth, J. M. Hill; two for four years—W. D. Pollock, Benjamin Owens, Joseph Schoener, D. H. Glunt; three for six years—Dr. F. C. Stahlman, John Fries, D. H. Johnson, Carl Mountsier, Dr. Edwin McKay, Ira L. Nickeson.

Council—Three for four years—W. E. Gaut, D. R. Duvall, John G. Albright, John C. Rickey, Fred Wolfe; one for two years, Frank Riva, J. K. Mitchell, W. C. Clark, John Campbell, Walter Byerly.

Assessor—I. R. Blythe. Justice of the peace—Joseph A. Wheeler, Paul R. Nutt, E. E. Rice, L. R. Walters, Frank Fagula.

Upon motion of H. J. Booth and R. H. Rush the election officers appointed by the court to serve at the forthcoming primary and election in the six precincts were placed on the ticket. They are in the order of their precincts.

Precinct No. 1—Judge of election, J. M. Hill; inspector, G. T. Barger; assistant assessor, George D. Clark. Precinct No. 2—Judge, R. J. Whitehead, inspector Percy D. Pollock, assistant assessor Fred Reeves.

Precinct No. 4—Judge, Joe Stech, inspector, Dennis Mahoney, assistant assessor Samuel Pardoe. Precinct No. 5—Judge, F. P. McCloskey; inspector, James Barnett, assistant assessor, Samuel Pardoe.

Precinct No. 6—Judge John Fletcher, inspector Sherman Mason, assistant assessor D. H. Glunt.

In addition to the names of these men Ward M. Snyder was suggested or assistant assessor of the sixth precinct and John H. Frye for judge in the same precinct, it being understood that John Fletcher would not serve.

CORONER WILL NOT HOLD ANY INQUEST

Frank Koller Met Death in Accidental Manner—Heffran Investigates

After an investigation into the death of Frank Koller, the aged man who was killed by a train Friday noon, while crossing the railroad at Eighth street, Coroner James T. Heffran announced today Saturday that there would not be any jury summoned in the case, as Koller was killed plainly through accident. There is no blame to be attached to anyone, it is stated. Koller was deaf and did not hear the approach of the train which struck him. Coroner Heffran viewed the body, and conferred with several witnesses.

DONORA MILL MEN SORE AT MERCHANTS

Latter Have Mill Pay Held Off Two Days—Stores are Neglected

Donora mill men are wroth—angry at the merchants and business men. As a consequence there has been a noticeable slackening of trade in the down river mill town and Charleroi has captured a good portion of the business which otherwise would have gone to the bustling but occasionally neglectful business men of Donora. It is a case of merchant politics, it is stated, that has brought about this state of affairs, all arising from the merchant's picnic of a week ago Friday.

The way it is told in Charleroi is that when the merchants of the down river town which never had a county office, decided to have a picnic they decided it would be a wise stunt to have the pay in the steel mills postponed a day. That, it can be readily seen, would prevent the mill men from shopping on Friday, the day of the picnic when all the stores would be closed, and would effectively prevent them from seeing the inside of stores in other localities. So far so good.

According to the plan doped out the merchants took the matter to the big men of the steel company, not at Donora, but up and above them. The merchants were successful in having the pay shunted off two days. Unfortunately the men found out what had occurred, and being rather proud of their local superintendents and office men, concluded that to take the scheme to the head men was only adding insult to injury. Doping things out as they were, the mill men came to the conclusion that the merchants had gone too far. The men wanted their money on the right day and at the right time. With this conclusion came the sentiment to do the very thing feared by the merchants—shop elsewhere. Consequently Charleroi is sharing with other large towns a goodly portion of the Donora mill trade.

Bridge Needs Repairs. It is stated that the Belle Vernon bridge is sadly in need of repairs. The flooring is broken in several places, and one day during the week a horse is said to have narrowly escaped a broken leg. The bridge is now free, being the joint property of Washington and Fayette counties which are charged with the care of the structure.

Extending Charter. Application has been made by the First National Bank of California to the United States Controller of currency for an extension of its charter, which expires this year.

CONTRACT AWARDED

Philadelphia Company Gets Job of Grading for New Line

At Philadelphia on Friday the contract for the work of grading of the Monongahela railroad from Martin, Fayette county south to the West Virginia and Pennsylvania State line was awarded to McMinimen & Symms, of Philadelphia. The same company has the contract for building the railroad bridge over the Monongahela river a mile above Geneva, across which the line will go, as well as for the construction of all bridges to the State line.

It is the intention to have the work of grading started at once, so that it can be finished this fall. The Monongahela railroad is to connect with the Buckhannon and Northern road now being built northward from Buckhannon, W. Va. When finished the route will become important as the shortest and most direct way from West Virginia to Pittsburgh.

The Monongahela road for which the contract was awarded Friday will be about six miles long and will be partly in Fayette and partly in Greene counties. It will be the second broad gauge road in Greene county, the only one now being that of the Pennsylvania extension to Rices Landing.

SOCIALISTS WILL HAVE DAY AT PARK

Noted Speakers Engaged to Make Addresses Labor Day at Eldora

Socialists of three counties of Western Pennsylvania will hold their second annual outing and picnic at Eldora Park on Labor Day next Monday and some of the prominent men nationally of the Socialist party will be present and make addresses. The three counties interested will be Washington, Westmoreland and Fayette. Sports and amusements will occupy the morning hours.

Ralph Korngold, a Socialist of national reputation, will make the first address at 1:15 o'clock. Following him in rapid succession will be Prof. George R. Kirkpatrick of New York, author of the book "War, What For?" Prof. Kirkpatrick appeared in Charleroi last winter in a lecture on the Socialist lecture course. At 4 o'clock Joseph Bartelli, Italian; Thomas Vunak, Croatian, and J. J. Sabo, Finnish, will captivate the members of their nationality. There will also be a German speaker. In the evening at 7 o'clock is expected that William Presser of Pittsburgh or Henry Merrick, editor of "Justice" will speak. The speaking will conclude with an address at 9 o'clock by J. C. Young of Uniontown. Adrian Eldridge of Monongahela is the chairman of the speaker's committee.

LABOR DAY TO BE QUIET IN CHARLEROI

Charleroi will be comparatively quiet on Labor day. The day will be observed as a labor holiday but not all the stores will be closed. There will be no demonstration locally. Practically the only event locally will be a ball game in the afternoon. The Socialists will hold forth at Eldora Park.

Local Pastor Returns.

Rev. L. W. Shey, rector of St. Mary's Episcopal church, returned last evening from his summer vacation in the Berkshire Hills, and along the coast of New England and Long Island, New York. Mr. Shey states that his vacation was pleasantly spent in automobiling, mountain climbing and sea bathing, and that the whole trip was most enjoyable. Mrs. Shey, who with him, went on from Pittsburgh to Wheeling, where she will visit her parents a few days, returning next Wednesday.

ASSESSORS CONTINUE

Commissioners Decide No New Men Need be Elected This Year

The county commissioners Friday decided that assessors would not be elected this fall. The motion authorizing this action was made by Mr. Hill, seconded by Mr. Berry and carried unanimously. This settles a question that has been before the commissioners for several weeks. It will affect Charleroi.

Assessors were chosen at the spring election in 1910 and supposedly for a three years term. There came up through the question whether or not under the constitutional amendment there was a requirement that they be chosen this fall. The constitutional amendment provided that "election officers and assessors" be chosen at the coming election. The question was did the word "assessor" refer to property assessors or simply registry assessor.

Some of the counties over the state decided that assessors would be chosen this fall and others that they would not. If they were chosen this fall it would mean that a number of assessors would be ousted from office if they failed at re-election who when chosen over a year ago were chosen for what they thought a full term.

SURVEYORS AT WORK ON STEPHENS TRACT

Model Coal Plant to be Installed When Opening of New Mine is Made

Surveyors have been at work the last ten days on the site of the Warner syndicate coal lands, known as the Levi Stephens tract, near Fayette City, running grades for an extension of the track from Apollo mine near Gillespie. It is the intention of the Warner people, whose headquarters are in Cleveland, to open up the tract as soon as possible.

When the opening is made east acres of virgin coal lands will be thrown open and one of the finest plants in the State will be erected about three miles up the Little Redstone creek. Material will be shipped to the site as quickly as possible.

Bids have been asked for the electric power. The West Penn Electric company is a strong bidder for this contract, and would only have about a mile of cable to erect.

All the coal will be transported by rail according to present arrangements. There is said to be a good market. The coal land is that which the Warner syndicate recently purchased at a record breaking price, the average price per acre being about \$1,900.

GOOD GOING PROMISED AT JEFFERSON FAIR

The Jefferson Fair Association has announced the list of prizes and races for the Jefferson fair to be held September 12, 13, 14 and 15. P. A. Shriver is the president of the association and A. L. Moredock is the secretary.

There will be \$2,800 in purses awarded. The races and purses will be as follows: Wednesday, September 13—2:25 pace, \$300; 2:19 trot \$300; one-half mile run, \$75. Thursday, September 14—2:27 trot, \$300; 2:18 pace \$400; five-eighth mile run, \$100; one-half mile run for two year old \$50. Friday, September 15—2:21 pace, \$300; 2:23 trot, \$300; free-for-all trot \$300, one-half mile run \$100.

Lessman.

Catherine Lessman, the 11 months old daughter of Mr. and Mrs. John Lessman of Oakland avenue, died Friday evening at 5 o'clock from acute indigestion. The funeral will be held on Sunday afternoon and in-terment will be in Calvary cemetery.

IMPERIAL BOTTLE FACTORY RESUMES

Local Plant Starts Operations After Vacation of Two Months

After a summer vacation extending two months, July and August, the Imperial Bottle factory started Friday for the 1911-1912 working season. This year will probably be the last for the two months vacation at the local bottle house, owing to action taken at the bottle men's convention at Atlantic City to observe August only as the vacation month. The Imperial factory ran Friday and today, Saturday. It will be closed down tonight not to open until Tuesday, the workers to have Labor Day off.

ASSOCIATION IS IN CONVENTION

Old School Baptists Begin Three Days' Sessions at Maple Creek Church

Five churches in the Redstone Association were represented at the opening session of the Old School Baptists at the Maple Creek church in Fallowfield township Friday. The convention will close Sunday evening. All day services today and Sunday will be features. The churches represented were Maple Creek, Meadow Run, of Greene County; Indian Creek, Mt. Olive, and Ammon all of West Virginia.

Elder Corder Henderson, of Grafton, W. Va., opened the convention with a discourse. J. W. McClelland was the moderator. Letters from the five churches were read at the beginning of the business session which was finished this morning. Three sermons will be preached today and there will be an evening meeting.

COUNTY ADULT CLASSES TO PICNIC ON MONDAY

A number of Sunday School workers from the Monongahela valley are planning to attend the Washington County Adult Bible class picnic at Washington Park Labor Day, September 4. All men and women of the churches, whether members of the adult classes or not have been invited. The Washington classes are preparing table room for 600 people and will serve coffee free. Rev. J. Elmer Campbell, who captivated his hearers at Canonsburg during the county Sunday school convention, will speak on the same subject he treated there "How Lawrence County Went Dry."

DISASTER IS PROBED

Coroner Heffran Investigates Canonsburg Horror

Although the coroner's jury empaneled to inquire into the cause of the Canonsburg disaster of August 26, whereby 26 people lost their lives at the Morgan Opera House at that place during a stampede following a false alarm of fire failed to establish any criminal responsibility, C. E. Ferguson, manager of the theatre, was condemned for not providing police protection for the premises and the State Department of Factory Inspection was severely censured for approving the narrow street entrance.

The inquest was held by Coroner J. T. Heffran at Canonsburg Friday, and the jury after enumerating the names of the victims and narrating the outline of the disaster, together with the date, rendered the following verdict:

"We, the jury find, from the evidence that a panic among the spectators in the opera house caused by a person or persons unknown crying fire in the gallery, was primarily the cause of the crush and the death of the above named; the condition being intensified by the limited means of egress afforded at the street entrance of the building.

"We, the jury, are unable to find any person or persons guilty criminally for the deaths of the above named but do unqualifiedly condemn C. E. Ferguson, manager of the Opera House, for his failure to properly police the premises to prohibit people to collect and crowd the stairway and lobby, and leaving obstructions in the shape of baby carriages in the lower hall. We unanimously agree that the officer or officers of the department of State factory inspection is, or are, open to severe censure for carelessly approving the main entrance to the Opera House Building when the same was not of lawful width. We recommend to the owners of the Morgan Building that the street entrance of the said building be widened to the same width as the stairway leading up therefrom or to greater width.

"We recommend that at the next session of the General Assembly of the Commonwealth the passage of a measure prohibiting the giving or holding of theatrical performances or moving picture shows in boroughs or townships on the floor of any building above the ground floor."

The jury reaching this verdict was composed of T. M. Reese, foreman; W. A. McBurney, James Espy, C. G. Hoffman, R. T. Kirk, W. H. Dunlap, Sr.

Both the coroner and the jury were startled by some unexpected testimony that was brought out during the inquest. Ernest Davis, a 13-year-old assistant, testified that the film broke and the end caught fire. The boy, who said he was in the booth turning the machine, testified that he tramped out the fire. John McCullough, the operator, denied that the film caught fire, or that the boy was in the booth at the time. Each was positive in the contradictory testimony.

Other evidence showed that at least one baby carriage was standing on the first landing when the stampede started.

Rev and Mrs. J. T. Hackett returned last evening from a vacation trip which included Cape May, Philadelphia and Cedarville, N.J., a former charge of Mr. Hackett's.

ENFORCES THE LAW.

According to the verdict of the cor-
oner's jury in the Canonsburg dis-
aster, if there is any blame attached
it is fastened upon the State factory
inspectors. The theatre where the
fatal stampede occurred had been
passed upon and approved by the
State officials who examined the
premises in the interests of public
safety; and yet, according to the
finding of the jury, the conditions
were short of legal requirements.
This seems to be a case where the in-
spectors failed to enforce the law,
and their action absolves the owner
of the building from blame. He
would have been required to make the
conditions conform to the legal re-
quirement had the officials charged
with the safety of the public insisted.

The only deduction is that the of-
ficials should be made to hew to the
line impartially in the future, with-
out regard to consequences. That is
the only thing that will absolve them
from censure. It is possible that the
disaster might have occurred any-
where, even had the main entrance been
of the lawful width. This, however,
does not detract from the duties of the
officials, who should insist at any and
all times that requirements designed
for the safety of the public be literal-
ly carried out.

A GOOD START.

Charleroi is to be congratulated
upon the civic spirit manifested at the
Republican suggestion meeting last
night. A representative body of
citizens was in attendance, and there
was no attempt or apparent desire
to do otherwise than suggest candi-
dates for the various borough po-
sitions to be filled who were able to
discharge their duties with honesty
and fidelity. That there will be ri-
valry and competition for the vari-
ous offices is to be expected. In fact,
it is most desirable, as an agreement
on a pre-arranged slate would have
smacked of machine politics, which
is to be avoided. Everything was
open and above board, and the ut-
most harmony prevailed. The gen-
eral idea seemed to be that the pub-
lic welfare was the first considera-
tion, and proceedings were conducted
along this line. There was every op-
portunity given for the free sug-
gestion of names, and no one was in-

terfered with or prevented from
exercising his rights as a citizen
and voter.

This suggestion meeting will be
followed by those of the other par-
ties, and there is no reason to expect
that other than the same methods
will prevail at their deliberations.
Good citizenship is the rule in Char-
leroi, and while personal preference
may prevail in regard to the se-
lection of candidates, there is good
reason to believe that the character
and standing of the officers who will
be finally chosen will be of the best.
At all events if some mistakes
should happen to be made in a pub-
lic way later on, it will not be on ac-
count of a deliberate attempt to su-
perintend the public welfare to per-
sonal or private interests.

ELECTRIC SPARKS

When a man has a cold to begin
with, and then fills up what unfilled
portions there are left in his suffer-
ing, aching body with quinine, and
still lives and works, he is endowed
with great will power and should have
a monument raised to his name as a
hardy specimen of American manhood.

Dr. Cook again seems to be suffer-
ing from the delusion that he found
the North Pole. That all com s after
he had written a story for a magazine
telling how he didn't find it. Can you
ever believe a man like that?

Many men's ideas of embezzlement
doesn't cover that of taking stamps
from an employer.

A French suffragette claims that
an editor refused to fight her a duel
because she is a good shot. Can you
blame him?

It seems that the High School boys
and girls of today look a whole lot
younger than when we all went to
school.

If they can only get those boy
scouts to do a little bit of work oc-
casionaly their originators will have
justified themselves in the eyes of
the public.

It's rather strange that the teach-
ers who always want to teach others
how to care for their children never
had any to care for themselves.

A new way to remove wrinkles and
cause dimples, so a New Yorker says,
is to make faces at yourself. Won't
it answer the same purpose to make
faces at your enemies?

With the Standard Oil company
gone and the trusts keeping their
wrong doings as much under cover
as possible there isn't much left to
swat except the flies.

If John D. Rockefeller would only
donate a trifle to remove the hook-
worm from some of these street loaf-
ers he would be doing a great work
for humanity.

PICKED UP IN PASSING

Local book lovers may have noticed
that Geo. S. Might, the local book
and news dealer, has been pushing
the sale of a new work of fiction that
has been just been published—"The
Winning of Barabara Worth," by the
popular author, Harold Bell Wright.
This book is having a tremendous
sale, but some inside information
furnished the Mail by the publishers
shows that some extraordinary ad-
vertising was done to introduce this
book to the public.

To the ordinary advertiser, who
usually believes that money thus
spent is virtually thrown away, it
may be somewhat startling to state
that the enormous sum of \$77,150
was spent in advertising "The Win-
ning of Barabara Worth," before a
single copy of the book was off the
press and on the market. During
March, April and May, while the
book was in the process of publica-
tion, the sum of \$12,000 was spent
advertising it in the magazines. In
August, on the day of publication,
\$2,400 was spent in advertising in
the daily newspapers; \$2,800 is ap-
propriated for advertising in the
magazines in September, which will
be followed by the expenditure of
\$19,500 in these publications during
October, November and December of
this year. In addition a page in the
Ladies Home Journal one issue cost
\$5,000; a page in the Saturday Even-
ing Post, \$4,000; a page in the Wo-
man's Home Companion, \$3,000. For
the daily newspapers \$5,000 has been
appropriated for November and De-
cember. The balance of the \$77,150
is expended in letters, circulars, lit-
ographs, post cards, postage, etc. In
the way of circulars, 3,950,000 were

sent out, costing to print, \$5,950.

What did the publishers get for
this enormous expenditure for ad-
vertising? While the forms were still
on the press the sales were increased
to 500,000 copies. As the book re-
tails at \$1.30, it will be seen that
the advertising brought ample re-
turns for the first edition. It means
that practically \$650,000 was realized
by the sale of the book before it is
fairly put on the market. Five
hundred thousand copies of the book
have already been sold, and the
sales to follow during the next four
months of the year will perhaps very
nearly equal the first sale. But for
the enormous and bold plunging in
the way of advertising, it is doubt-
ful if the book sales would have
reached 50,000 copies. Left alone to
sell on its merits with the thousands
of other new books that are constant-
ly being published, it would probably
have attracted little attention.

COMMISSIONER SMITH IN FUNNY SITUATION

Announces on Fusion Ticket
Which Roundly Denounced
Him Over Week Ago

One of the ludicrous incidents of
the county campaign is the position
in which County Commissioner W.
J. Smith, the Democratic official finds
himself. Like the two Republican
commissioners Mr. Smith desires to
succeed himself, and is a candidate
for renomination. As the Democrats
and Keystoneers have planned a fu-
sion, Mr. Smith has filed petitions for
a place on each of the tickets.

Here's where the funny part of the
situation comes in. At the county
convention the Keystone delegates
drew up a platform, or declaration of
principles, in which the present board
of commissioners—Mr. Smith includ-
ed—were denounced roundly for
their extravagance in spending the
county's money. The specific allega-
tion was made that the commission-
ers not only increased the county ex-
penditures, but they also burdened
the taxpayers by discrimination in
assessments, cutting down the re-
turns of the assessors in favor of
corporations and large propertyhold-
ers.

Since announcing on the Keystone
ticket it is stated that Mr. Smith is
being asked some embarrassing ques-
tions, as to how he can run on a
platform that denounces him and
his colleagues for business incorpe-
tency and mismanagement.

ASSESSORS CONTINUE

Continued from first pag.

The commissioners took into con-
sideration that it was a close question
with the odds favoring the non-elec-
tion of the assessors this fall. If they
were chosen the commissioners saw
there might arise serious trouble and
if they were not chosen there was not
as much danger of any question being
raised.

There have been decisions against
the election of the assessors this fall.
Considering all matters the commis-
sioners decided not to elect assessors.
There are already petitions on file for
nomination of assessors but these will
be returned.

APPROPRIATIONS WILL BE PAID

Schools Throughout the State
Will Probably Receive
Money This Month

Close to \$1,500,000 of the State school appropriation will have been paid to school districts by the end of August, and during September the payment of the allowance by the commonwealth to districts will go forward rapidly. The \$1,000,000 mark in school payments for this year was passed on Monday, when close to \$100,000 was paid out.

The payments were delayed this year by the heavy amount of work necessitated to pay deficiency appropriations by the last Legislature, but State Treasurer C. F. Wright is making up for lost time and about 50 districts a day are being paid. The rural communities are being taken care of so that they will have money with which to start their school terms on Monday.

The Charleroi school district has not received its appropriation yet. It will probably be placed in the hands of Treasurer R. H. Rush some time this month. Last year the appropriation amounted to \$7,611.10 for the graded school the amount being \$7,311.00 and for High School, \$300.

In the Present.
With the wise man it is always
time.

BABY CARRIAGES EXCESS BAGGAGE

Railroad Orders Regarding
Handling of Matter Con-
fuses Passengers

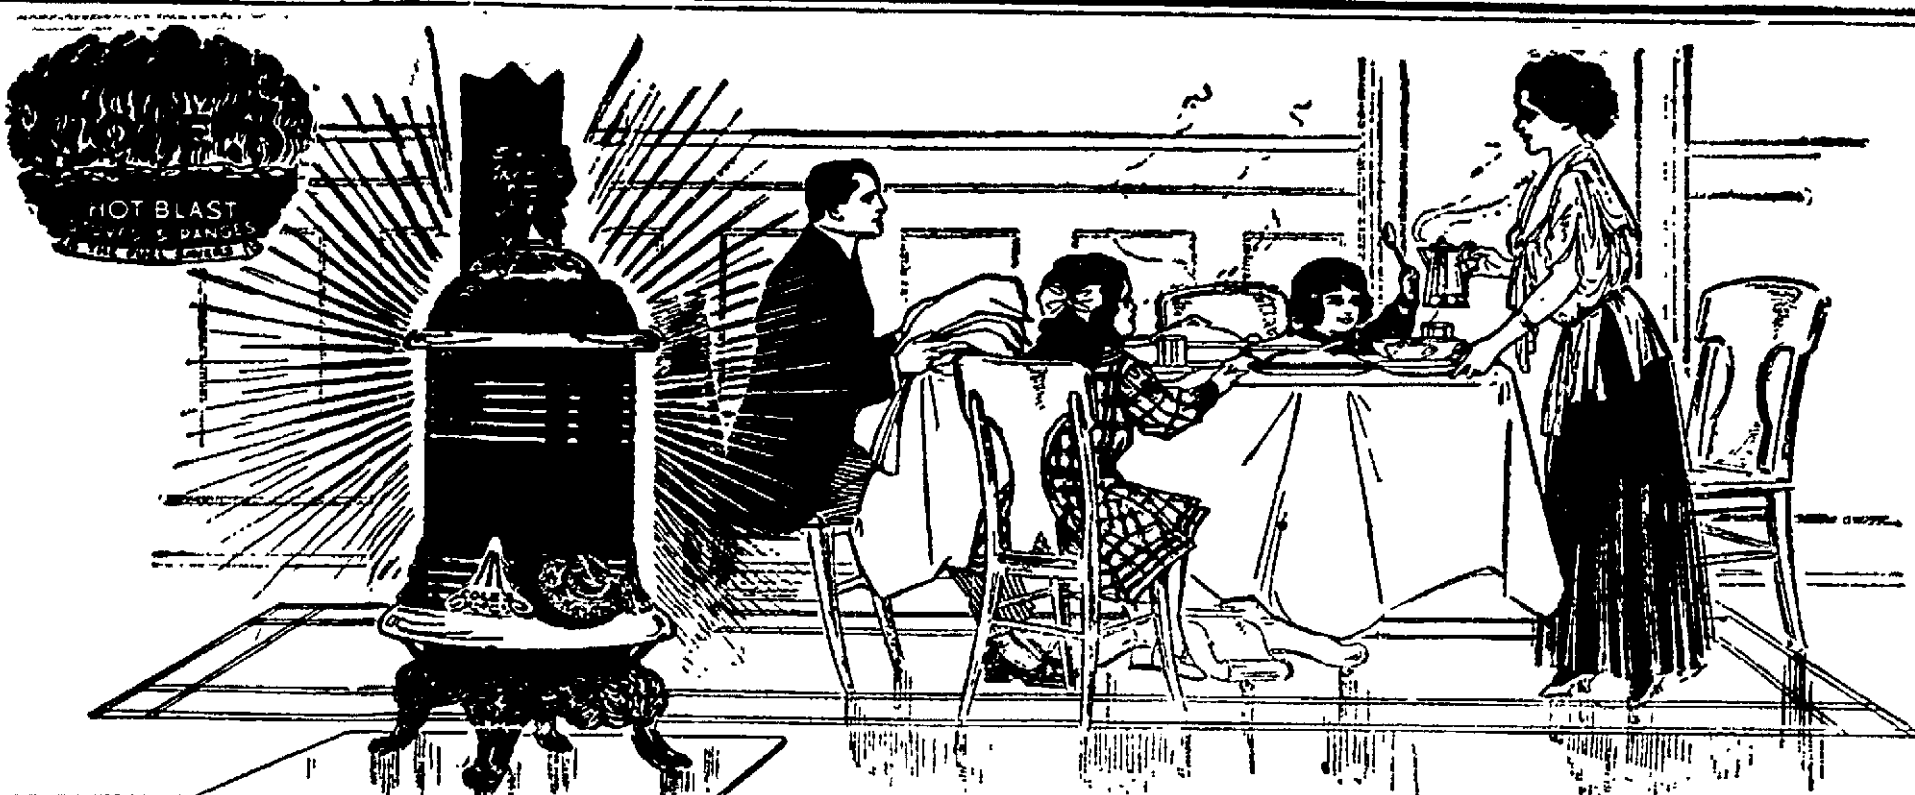

The recent order issued by the Pennsylvania Railroad Company regarding the handling of baggage and bicycles on the Pennsylvania and Reading railroads have kept some passengers guessing and caused no little confusion. The passengers have not as yet become fully acquainted with the rules. Baby carriages and bicycles are no longer carried free of charge. Protests from passengers who have been accustomed to taking baby carriages and bicycles with them and having them checked free on their tickets, as they would trunks, suit cases or other parcels, are being made. They are referred to the ruling which became effective when the fares were advanced August 1.

Bicycles and baby carriages transported in Pennsylvania are now classed as excess baggage. They are checked only at excess baggage rates and with a minimum of 50 pounds, regardless of weight. The system of classification makes the minimum charges 25 cents for either a baby carriage or a bicycle. Whether the passenger is going a mile or for many miles, he must pay the same price.

In New Jersey a law is in effect compelling the railroads to carry a bicycle free of charge between any two stations within that state. Baby carriages, however, are checked as excess freight. There is one exception to the ruling on baby carriages. Those that can be taken into the coaches by passengers are carried free.

Monessen Schools Open Monday

The public schools of Monessen will open on Monday, September 4. The holidays to be observed during the school year are Thanksgiving and the Friday following, institute week beginning December 18, which includes Christmas, New Year's day and Good Friday. The first term ends January 24 and the second term begins January 25. The schools close on May 30. H. E. Gress is superintendent.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire—also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without attention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or make of stove.

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue.

"(Signed) COLE MANUFACTURING CO., Not Inc."
(Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove.

Years of use has proven that no heater—at twice the price—equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Half the Com-
mon Aches and Ills of Char-
leroi People.

As one weak link weakens a chain
so weak kidneys weaken the whole
body and hasten the final breaking
down.

Overwork, strains, colds and other
causes injure the kidneys and when
their activity is lessened the whole
body suffers from the excess of uric
poison circulated in the blood.

Aches and pains and languor and
urinary ills come and there is an ever-
increasing tendency towards more se-
rious troubles. There is no real help
for the sufferer except kidney help.

Doan's Kidney Pills act directly on
the kidneys and cure every kidney ill
Charleroi cures are the proof.

Mrs John Wilson Third street Char-
leroi, Pa., says: "Doan's Kidney
Pills procured at Piper Bros' Drug
Store have been used in our family for
backache and other symptoms of
kidney trouble and have always
brought great relief. I took this reme-
dy several years ago for disordered
kidneys and in view of the good re-
sults I received, I recommend it
highly."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's and
take no other.

BETTER THAN SPANKING

Spanking does not cure children of bed-
wetting. There is a constitutional cause for
this trouble. Mrs. M. Summers, Box W,
Notre Dame, Ind., will send free to any mother
her successful home treatment, with full
instructions. Send no money, but write her
today if your children trouble you in this
way. Don't blame the child, the chances are
it can't help it. This treatment also cures
adults and aged people troubled with urine
difficulties by day or night.

MONESSEN SOON TO HAVE BRAND NEW PLAYHOUSE

Soon Monessen will have a marble
front theatre on Donner avenue near
Fifth street, if present plans carry
out. The Olympic Theatre company,
composed largely of Pittsburgh capi-
talists, has leased the two lots ad-
joining the Monessen hotel for a pe-
riod of 20 years and it is said will
commence at once to remove the
brick pillars, other building material
debris and old buildings in the rear
to make ready for the erection of a
modern theatre building.

A local architect has the plans un-
der way for a one story building
with a three story front. The gen-
eral appearance will be that of a mar-
ble front three story building, but
only a modern theatre will be in-
cluded in the building. Some of the
local Greeks are stockholders, but
the company is composed argely of
Greek capitalists from Pittsburgh

LOCAL ATHLETES ENTER FOR MEET

Charleroi High School will be rep-
resented at the field meet to be held
at Donora Monday afternoon by some
of its best track men. High school
will have entries in the runs. They
will be 100 yard dash, Nutt; 220
yard dash, Nutt; 150 yard handicap,
Nutt; 440 yard run, Stahlman; three
mile handicap, Ailes, Hugas, Wagner;
high jump, Nicholson.

In addition to the High School run-
ners the Charleroi Brigade will be
represented in the pole vault by Ban-
nister Roberts, a former High School
athlete.

MAURER TELLS HOW THE LAWS ARE MADE

Socialist Member of Legislature Gives His Impression of Matters

Assemblyman James Maurer, of Reading, the only Socialist member of the Legislature, gave a lecture on the street at the corner of Washington avenue and Fifth street Friday evening, treating law-making in Pennsylvania as his subject. His remarks were entirely from the Socialist viewpoint, but in them were embodied some very good points. He said that in one bill that was put through the Legislature the book showed that it was carried by 107 votes of a majority when only 98 members were present and 15 of them voted against the measure. He told how the Legislature was controlled and explained law-making in detail. Representative Maurer introduced two bills which gained him some recognition at the last session of the Legislature. One was to pension the blind. It was declared unconstitutional. Another was to abolish the State constabulary. It did not pass.

CANDIDATES ARE NAMED

Republicans Meet to Suggest Men for Municipal Offices

Possibly never in the history of Charleroi was there ever such a representative class of the best citizens present at a political meeting as that which last night met in the Firemen's room to suggest candidates on the republican ticket for municipal offices. Consequently the class of candidates placed on the ticket to be voted upon at the forthcoming primaries on September 30 were of the best. The work of suggesting the names for the various borough offices was gone through with dispatch and thoroughness.

After the meeting was called to order by Dr. Frank L. Crow, chairman of the first precinct. James J. Stitt was elected chairman. Charles Frye was elected secretary. Immediately the work of suggesting names began.

The first office for which suggestions were called was that of high constable. Interest centered in the suggestions for school board and mail. The following were the names for the various positions suggested or to be added afterward: High constable—C. W. Albright. Constable—John Higgins, George Corey, George Stabler. Auditors—Carl Corwin, Louis Schell.

School directors—Two for two years—H. J. Booth, J. M. Hill; two for four years—W. D. Pollock, Benjamin Owens, Joseph Schoener, D. Glunt; three for six years—Dr. F. Stahlman, John Fries, D. H. Johnson, Carl Mountsier, Dr. Edwin McEyre, Ira L. Nickeson.

Council—Three for four years—W. Gaut, D. R. Duvall, John G. Alight, John C. Rickey, Fred Wolfe; two for two years, Frank Riva, J. K. Schell, W. C. Clark, John Campbell, Walter Byerly.

CORONER WILL NOT HOLD ANY INQUEST

Frank Koller Met Death in Accidental Manner—Heffran Investigates

After an investigation into the death of Frank Koller, the aged man who was killed by a train Friday noon, while crossing the railroad at Eighth street, Coroner James T. Heffran announced today Saturday that there would not be any jury summoned in the case as Koller was killed plainly through accident. There is no blame to be attached to anyone, it is stated. Koller was deaf and did not hear the approach of the train which struck him. Coroner Heffran viewed the body, and conferred with several witnesses.

DONORA MILL MEN SORE AT MERCHANTS

Latter Have Mill Pay Held Off Two Days—Stores are Neglected

Donora mill men are wroth—angry at the merchants and business men. As a consequence there has been a noticeable slackening of trade in the down river mill town and Charleroi has captured a good portion of the business which otherwise would have gone to the bustling but occasionally neglectful business men of Donora. It is a case of merchant politics, it is stated, that has brought about this state of affairs, all arising from the merchant's picnic of a week ago Friday.

The way it is told in Charleroi is that when the merchants of the down river town which never had a county office, decided to have a picnic they decided it would be a wise stunt to have the pay in the steel mills postponed a day. That, it can be readily seen, would prevent the mill men from shopping on Friday, the day of the picnic when all the stores would be closed, and would effectively prevent them from seeing the inside of stores in other localities. So far so good.

According to the plan, the merchants took the matter to the big men of the steel company, not at Donora, but up and above them. The merchants were successful in having the pay shunted off two days. Unfortunately the men found out what had occurred, and being rather proud of their local superintendents, and office men, concluded that to take the scheme to the head men was only adding insult to injury. Doping things out as they were, the mill men came to the conclusion that the merchants had gone too far. The men wanted their money on the right day and at the right time. With this conclusion came the sentiment to do the very thing feared by the merchants—shop elsewhere. Consequently Charleroi is sharing with other large towns a goodly portion of the Donora mill trade.

Bridge Needs Repairs. It is stated that the Belle Vernon bridge is sadly in need of repairs. The flooring is broken in several places, and one day during the week a horse is said to have narrowly escaped a broken leg. The bridge is now free, being the joint property of Washington and Fayette counties which are charged with the care of the structure.

Extending Charter. Application has been made by the National Bank of California to the United States Controller of its territory for an extension of its charter, which expires this year.

CONTRACT AWARDED

Philadelphia Company Gets Job of Grading for New Line

At Philadelphia on Friday the contract for the work of grading of the Monongahela railroad from Martin, Fayette county south to the West Virginia and Pennsylvania State line was awarded to the Philadelphia and Symms, of Philadelphia. The same company has the contract for building the railroad bridge over the Monongahela river a mile above Geneva, across which the line will go, as well as for the construction of all bridges to the State line.

It is the intention to have a road of grading started at once, so that it can be finished this fall. The Monongahela railroad is to connect with the Buckhannon and Northern road now being built northward from Buckhannon, W. Va. When finished the route will become important as the shortest and most direct way from West Virginia to Pittsburgh.

The Monongahela road for which the contract was awarded Friday will be about six miles long and will be partly in Fayette and partly in Greene counties. It will be the second broad gauge road in Greene county, the only one now being that of the Pennsylvania extension to Rees Landing.

SOCIALISTS WILL HAVE DAY AT PARK

Noted Speakers Engaged to Make Addresses Labor Day at Eldora

Socialists of three counties of Western Pennsylvania will hold their second annual outing and picnic at Eldora Park on Labor Day next Monday and some of the prominent men nationally of the Socialist party will be present and make addresses. The three counties interested will be Washington, Westmoreland and Fayette. Sports and amusements will occupy the morning hours.

Ralph Korngold, a Socialist of national reputation, will make the first address at 1:15 o'clock. Following him in rapid succession will be Prof. George R. Kirkpatrick of New York, author of the book "War, What For?" Prof. Kirkpatrick appeared in Charleroi last winter in a lecture on the Socialist lecture course. At 4 o'clock Joseph Bartelli, Italian; Thomas Vannak, Croatian, and J. J. Sabo, Finnish, will address the members of their nationality. There will also be a German speaker. In the evening at 7 o'clock it is expected that William Presser of Pittsburgh or Henry Merriker, editor of "Justice" will speak. The speaking will conclude with an address at 9 o'clock by J. C. Young of Uniontown. Adrian Eldridge of Monongahela is the chairman of the speaker's committee.

LABOR DAY TO BE QUIET IN CHARLEROI

Charleroi will be comparatively quiet on Labor day. The day will be observed as a labor holiday but not all the stores will be closed. There will be no demonstration locally. Practically the only event locally will be a ball game in the afternoon. The Socialists will hold forth at Eldora Park.

Local Pastor Returns.

Rev. L. W. Shey, rector of St. Mary's Episcopal church, returned last evening from his summer vacation in the Berkshire Hills, and along the coast of New England and Long Island, New York. Mr. Shey states that his vacation was pleasantly spent in automobiling, mountain climbing and sea bathing, and that the whole trip was most enjoyable. Mrs. Shey, who with him, went on from Pittsburgh to Wheeling, where she will visit her parents a few days, returning next Wednesday.

ASSESSORS CONTINUE

Commissioners Decide No New Men Need be Elected This Year

The county commissioners Friday decided that assessors would not be elected this fall. The motion authorizing this action was made by Mr. Hill, seconded by Mr. Berry and carried unanimously.

A question that has been before the commissioners for several weeks is whether assessors should be elected this fall. The constitutional amendment provided that "election officers and assessors" be chosen at the coming election. The question was did the word "assessor" refer to property assessors or supply registry assessors.

Some of the counties over the state decided that assessors would be chosen this fall and others that they would not. If they were chosen this fall it would mean that a number of assessors would be ousted from office if they failed at re-election who when chosen over a year ago were chosen for what they thought a full term.

SURVEYORS AT WORK ON STEPHENS TRACT

Model Coal Plant to be Installed When Opening of New Mine is Made

Surveyors have been at work the last ten days on the site of the Warner syndicate coal lands, known as the Levi Stephens tract, near Fayette City, running grades for an extension of the track from Apollo mine near Gillespie. It is the intention of the Warner people, whose headquarters are in Cleveland, to open up the tract as soon as possible.

When the opening is made east acres of virgin coal lands will be thrown open and one of the finest plants in the State will be erected about three miles up the Little Redstone creek. Material will be shipped to the site as quickly as possible.

Bids have been asked for the electric power. The West Penn Electric company is a strong bidder for this contract, and would only have about a mile of cable to erect.

All the coal will be transported by rail according to present arrangements. There is said to be a good market. The coal land is that which the Warner syndicate recently purchased at a record breaking price, the average price per acre being about \$1,900.

GOOD GOING PROMISED AT JEFFERSON FAIR

The Jefferson Fair Association has announced the list of prizes and races for the Jefferson fair to be held September 12, 13, 14 and 15. P. A. Shriver is the president of the association and A. L. Moredock is the secretary.

There will be \$2,800 in purses awarded. The races and purses will be as follows: Wednesday, September 13—2:25 pace, \$300; 2:19 trot, \$300; one-half mile run, \$75. Thursday, September 14—2:27 trot, \$300; 2:18 pace \$400; five-eighth mile run, \$100; one-half mile run for two year old \$50. Friday, September 15—2:21 pace, \$300; 2:23 trot, \$300; free-for-all trot \$300, one-half mile run \$100.

IMPERIAL BOTTLE FACTORY RESUMES

Local Plant Starts Operations After Vacation of Two Months

After a summer vacation extending two months, July and August, the Imperial Bottle factory started Friday for the 1911-1912 working season. This year will probably be the last for the two months' vacation at the local bottle house, owing to the fact that the factory will convene at Atlantic City to observe August only as the vacation month. The Imperial factory reopened Friday and today, Saturday. It will be closed down tonight not to open until Tuesday, the workers to have Labor Day off.

ASSOCIATION IS IN CONVENTION

Old School Baptists Begin Three Days' Sessions at Maple Creek Church

Five churches in the Redstone Association were represented at the opening session of the Old School Baptists at the Maple Creek church in Fallowfield township Friday. The convention will close Sunday evening. All day services today and Sunday will be features. The churches represented were Maple Creek, Meadow Run, of Greene County; Indian Creek, Mt. Olive, and Ammon all of West Virginia.

Elder Corder Henderson, of Grafton, W. Va., opened the convention with a discourse. J. W. McClelland was the moderator. Letters from the five churches were read at the beginning of the business session which was finished this morning. Three sermons will be preached today and there will be an evening meeting.

COUNTY ADULT CLASSES TO PICNIC ON MONDAY

A number of Sunday School workers from the Monongahela valley are planning to attend the Washington County Adult Bible class picnic at Washington Park Labor Day, September 4. All men and women of the churches, whether members of the adult classes or not have been invited. The Washington classes are preparing table room for 600 people and will serve coffee free. Rev. I. Elmer Campbell, who captivated his hearers at Canonsburg during the county Sunday school convention, will speak on the same subject he treated there "How Lawrence County Went Dry."

DISASTER IS PROBED

Coroner Heffran Investigates Canonsburg Horror

Although the coroner's jury empaneled to inquire into the cause of the Canonsburg disaster of August 26, whereby 26 people lost their lives at the Morgan Opera House at that place, the jury today following a false alarm of fire failed to establish any criminal responsibility. C. F. Ferguson, manager of the theatre, was condemned for not providing proper protection for the premises and the State Department of Factory Inspection was severely censured for approving the nation street entrance. The inquest was held by Coroner J. T. Heffran at Canonsburg Friday and the jury after enumerating the names of the victims and narrating the outline of the disaster, together with the date, rendered the following verdict:

"We, the jury find, from the evidence that a panic among the spectators in the opera house caused by a person or persons unknown crying fire in the gallery, was primarily the cause of the crush and the death of the above named; the condition being intensified by the limited means of egress afforded at the street entrance of the building.

"We, the jury, are unable to find any person or persons guilty criminally for the deaths of the above named but do unqualifiedly condemn C. F. Ferguson, manager of the Opera House, for his failure to properly police the premises to prohibit people to collect and crowd the stairway and lobby, and leaving obstructions in the shape of baby carriages in the lower hall. We unanimously agree that the officer or officers of the department of State factory inspection is, or are, open to severe censure for carelessly approving the main entrance to the Opera House Building when the same was not of lawful width. We recommend to the owners of the Morgan Building that the street entrance of the said building be widened to the same width as the stairway leading up therefrom or to greater width.

"We recommend that at the next session of the General Assembly of the Commonwealth the passage of a measure prohibiting the giving or holding of theatrical performances or moving picture shows in boroughs or townships on the floor of any building above the ground floor."

The jury reaching this verdict was composed of T. M. Reese, foreman; W. A. McBurney, James Espy, P. C. Hoffman, R. T. Kirk, W. H. Dunbar.

Both the coroner and the jury were startled by some unexpected testimony that was brought out during the inquest. Ernest Davis, a 12-year-old assistant, testified that the film broke and the end caught fire. The boy, who said he was in the booth turning the machine, testified that he tramped out the fire. John McClelland, the operator, denied that the film caught fire, or that the boy was in the booth at the time. Each was positive in the contradictory testimony.

Other evidence showed that at least one baby carriage was standing on the first landing when the stampede started.

Rev and Mrs. J. T. Hackett returned last evening from a vacation trip which included Cape May, Philadelphia and Cedarville, N. J., a former charge of Mr. Hackett's.

ENFORCES THE LAW.

According to the verdict of the cor-
oner's jury in the Canonsburg dis-
aster, if there is any blame attached
it is fastened upon the State factory
inspectors. The theatre where the
fatal stampede occurred had been
passed upon and approved by the
State officials who examined the
premises in the interests of public
safety, and yet, according to the
finding of the jury, the conditions
were short of legal requirements.
Thus seems to be a case where the in-
spectors failed to enforce the law,
and their action absolves the owner
of the building from blame. He
would have been required to make the
conditions conform to the legal re-
quirement had the officials charged
with the safety of the public insisted.

The only deduction is that the of-
ficials should be made to hew to the
line impartially in the future, with-
out regard to consequences. That is
the only thing that will absolve them
from censure. It is possible that the
disaster might have occurred any-
how, even had the main entrance been
of the lawful width. This however,
does not detract from the duties of the
officials, who should insist at any and
all times that requirements designed
for the safety of the public be literal-
ly carried out.

A GOOD START.

Charleroi is to be congratulated
upon the civic spirit manifested at the
Republican suggestion meeting last
night. A representative body of
citizens was in attendance, and there
was no attempt or apparent desire
to do otherwise than suggest can-
didates for the various borough po-
sitions to be filled who were able to
discharge their duties with honesty
and fidelity. That there will be ri-
valry and competition for the var-
ious offices is to be expected. In fact
it is most desirable, as an agreement
on a pre-arranged slate would have
smacked of machine politics, which
is to be avoided. Everything was
open and above board, and the ut-
most harmony prevailed. The gen-
eral idea seemed to be that the pub-
lic welfare was the first considera-
tion, and proceedings were conducted
along this line. There was every op-
portunity given for the free sug-
gestion of names, and no one was in-

terfered with or prevented from
exercising his rights as a citizen
and voter.

This suggestion meeting will be
followed by those of the other par-
ties, and there is no reason to expect
that other than the same methods
will prevail at their deliberations.
Good citizenship is the rule in Char-
leroi, and while personal preference
may prevail in regard to the se-
lection of candidates, there is good
reason to believe that the character
and standing of the officers who will
be finally chosen will be of the best.
At all events if some mistakes
should happen to be made in a public
way later on, it will not be on ac-
count of a deliberate attempt to sub-
ordinate the public welfare to per-
sonal or private interests.

ELECTRIC SPARKS

When a man has a cold to begin
with, and then fills up what unfilled
portions there are left in his suffer-
ing, aching body with quinine, and
still lives and works, he is endowed
with great will power and should have
a monument raised to his name as a
hardy specimen of American manhood.

Dr. Cook again seems to be suffer-
ing from the delusion that he found
the North Pole. That all comes after
he had written a story for a magazine
telling how he didn't find it. Can you
ever believe a man like that?

Many men's ideas of embezzlement
doesn't cover that of taking stamps
from an employer.

A French suffragette claims that
an editor refused to fight her a duel
because she is a good shot. Can you
blame him?

It seems that the High School boys
and girls of today love a whole lot
younger than when we all went to
school.

If they can only get those boy
scouts to do a little bit of work oc-
casional their originators will have
justified themselves in the eyes of
the public.

It's rather strange that the teach-
ers who always want to teach others
how to care for their children never
had any to care for themselves.

A new way to remove wrinkles and
cause dimples, so a New Yorker says,
is to make faces at yourself. Won't
it answer the same purpose to make
faces at your enemies?

With the Standard Oil company
gone and the trusts keeping their
wrong doings as much under cover
as possible there isn't much left to
swat except the flies.

If John D. Rockefeller would only
donate a trifle to remove the hook-
worm from some of these street loaf-
ers he would be doing a great work
for humanity.

PICKED UP IN PASSING

Local book lovers may have noticed
that Geo. S. MIGHT, the local book
and news dealer, has been pushing
the sale of a new work of fiction that
has been just been published—"The
Winning of Barabara Worth," by the
popular author, Harold Bell Wright.
This book is having a tremendous
sale, but some inside information
furnished the Mail by the publishers
shows that some extraordinary ad-
vertising was done to introduce this
book to the public.

To the ordinary advertiser, who
usually believes that money thus
spent is virtually thrown away, it
may be somewhat startling to state
that the enormous sum of \$77,150
was spent in advertising "The Win-
ning of Barabara Worth," before a
single copy of the book was off the
press and on the market. During
March, April and May, while the
book was in the process of publica-
tion, the sum of \$12,000 was spent
advertising it in the magazines. In
August, on the day of publication,
\$2,400 was spent in advertising in
the daily newspapers; \$2,800 is ap-
propriated for advertising in the
magazines in September, which will
be followed by the expenditure of
\$19,500 in these publications during
October, November and December of
this year. In addition a page in the
Ladies Home Journal one issue cost
\$5,000; a page in the Saturday Even-
ing Post, \$4,000; a page in the Wo-
man's Home Companion, \$3,000. For
the daily newspapers \$5,000 has been
appropriated for November and De-
cember. The balance of the \$77,150
is expended in letters, circulars, lit-
ographs, post cards, postage, etc. In
the way of circulars, 8,950,000 were

sent out, costing to print, \$5,950.

What did the publishers get for
this enormous expenditure for ad-
vertising? While the forms were still
on the press the sales were increased
to 500,000 copies. As the book re-
tains at \$1.30, it will be seen that
the advertising brought ample re-
turns for the first edition. It means
that practically \$650,000 was realized
by the sale of the book before it is
fairly put on the market. Five
hundred thousand copies of the book
have already been sold, and the
sales to follow during the next four
months of the year will perhaps very
nearly equal the first sale. But for
the enormous and bold plunging in
the way of advertising, it is doubt-
ful if the book sales would have
reached 50,000 copies. Left alone to
sell on its merits with the thousands
of other new books that are constan-
tly being published, it would probably
have attracted little attention.

COMMISSIONER SMITH IN FUNNY SITUATION

Announces on Fusion Ticket
Which Roundly Denounced
Him Over Week Ago

One of the ludicrous incidents of
the county campaign is the position
in which County Commissioner W.
J. Smith, the Democratic official finds
himself. Like the two Republican
commissioners Mr. Smith desires to
succeed himself, and is a candidate
for renomination. As the Democrats
and Keystoneers have planned a fu-
sion, Mr. Smith has filed petitions for
a place on each of the tickets.

Here's where the funny part of the
situation comes in. At the county
convention the Keystone delegates
drew up a platform, or declaration of
principles, in which the present board
of commissioners—Mr. Smith includ-
ed—were denounced roundly for
their extravagance in spending the
county's money. The specific allega-
tion was made that the commis-
sioners not only increased the county
expenditures, but they also burdened
the taxpayers by discrimination in
assessments, cutting down the re-
turns of the assessors in favor of
corporations and large propertyhold-
ers.

Since announcing on the Keystone
ticket it is stated that Mr. Smith is
being asked some embarrassing ques-
tions, as to how he can run on a
platform that denounces him and
his colleagues for business incorpe-
tency and mismanagement.

ASSESSORS CONTINUE

Continued from first page.
The commissioners took into con-
sideration that it was a close question
with the odds favoring the non-elec-
tion of the assessors this fall. If they
were chosen the commissioners saw
there might arise serious trouble and
if they were not chosen there was not
as much danger of any question being
raised.

There have been decisions against
the election of the assessors this fall.
Considering all matters the commis-
sioners decided not to elect assessors.
There are already petitions on file for
nomination of assessors but these will
be returned.

Railroad Orders Regarding
Handling of Matter Con-
fuses Passengers

Close to \$1,500,000 of the State school appropriation will have been paid to school districts by the end of August, and during September the payment of the allowance by the commonwealth to districts will go forward rapidly. The \$1,000,000 mark in school payments for this year was passed on Monday, when close to \$100,000 was paid out.

The payments were delayed this year by the heavy amount of work necessitated to pay deficiency appropriations by the last Legislature, but State Treasurer C. F. Wright is making up for lost time and about 50 districts a day are being paid. The rural communities are being taken care of so that they will have money with which to start their school terms on Monday.

The Charleroi school district has not received its appropriation yet. It will probably be placed in the hands of Treasurer R. H. Rush some time this month. Last year the appropriation amounted to \$7,611.10 for the graded school, the amount being \$7,311.00 and for High School, \$800.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire—also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without attention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or make of stove.

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue.

"(Signed) COLE MANUFACTURING CO., Not Inc."

(Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove.

Years of use has proven that no heater—at twice the price—equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Half the Com-
mon Aches and Pains of Char-
leroi People.

As one weak link weakens a chain
so weak kidneys weaken the whole
body and hasten the final breaking
down.

Overwork, strains, colds and other
causes injure the kidneys and when
their activity is lessened the whole
body suffers from the excess of uric
poison circulated in the blood.

Aches and pains and languor and
urinary ills come and there is an ever-
increasing tendency towards more se-
rious troubles. There is no real help
for the sufferer except kidney help.

Doan's Kidney Pills act directly on
the kidneys and cure every kidney ill
Charleroi cures are the proof.

Mrs John Wilson Third street Char-
leroi, Pa., says: "Doan's Kidney
Pills procured at Piper Bros' Drug
Store have been used in our family for
backache and other symptoms of
kidney trouble and have always
brought great relief. I took this rem-
edy several years ago for disordered
kidneys and in view of the good re-
sults I received, I recommend it
highly."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's and
take no other.

BETTER THAN SPANKING

"Spanking does not cure children of bed-
wetting. There is a constitutional cause for
this trouble. Mrs. M. Summers, Box W,
Notre Dame, Ind., will send free to any mother
her successful home treatment, with full
instructions. Send no money, but write her
today if your children trouble you in this
way. Don't blame the child, the chances are
it can't help it. This treatment also cures
adults and aged people troubled with urine
discharges by day or night.

MONESSEN SOON TO HAVE BRAND NEW PLAYHOUSE

Soon Monessen will have a marble
front theatre on Donner avenue near
Fifth street, if present plans carry
out. The Olympic Theatre company,
composed largely of Pittsburgh cap-
italists, has leased the two lots ad-
joining the Monessen hotel for a pe-
riod of 20 years and it is said will
commence at once to remove the
brick pillars, other building material
debris and old buildings in the rear
to make ready for the erection of a
modern theatre building.

A local architect has the plans un-
der way for a one story building
with a three story front. The gen-
eral appearance will be that of a mar-
ble front three story building, but
only a modern theatre will be in-
cluded in the building. Some of the
local Greeks are stockholders, but
the company is composed largely of
Greek capitalists from Pittsburgh.

LOCAL ATHLETES ENTER FOR MEET

Charleroi High School will be rep-
resented at the field meet to be held
at Donora Monday afternoon by some
of its best track men. High school
will have entries in the runs. They
will be 100 yard dash, Nutt; 220
yard dash, Nutt; 150 yard handicap,
Nutt; 440 yard run, Stanlman; three
mile handicap, Ailes, Hugus, Wagner;
high jump, Nicholson.

In addition to the High School run-
ners the Charleroi Brigade will be
represented in the pole vault by Ban-
nister Roberts, a former High School
athlete.

Evanesence of Ill-Gotten Wealth.
The getting of treasures by a lying
tongue is a vapor driven to and fro by
them that seek death. The violence
of the wicked shall sweep them away,
because they refuse to do justice.—
Proverbs of Solomon, 21:6-7.

The Preacher Knew.
When volunteer prayers were cal-
led for a man struck in and prayed
very earnestly for his poor land, and
asked the Lord to give him a good
crop.
"What that land of yours needs,
brother, is not prayer, but manure,"
said the preacher, "as he gave out,
"Work, For the Night Is Coming."

MAURER TELLS HOW THE LAWS ARE MADE

Socialist Member of Legislature Gives His Impression of Matters

Assemblyman James Maurer, of Reading, the only Socialist member of the Legislature, gave a lecture on the street at the corner of Washington avenue and Fifth street Friday evening, treating law-making in Pennsylvania as his subject. His remarks were entirely from the Socialist viewpoint, but in them were embodied some very good points. He said that in one bill that was put through the Legislature the book showed that it was carried by 107 votes of a majority when only 98 members were present and 15 of them voted against the measure. He told how the Legislature was controlled and explained law-making in detail. Representative Maurer introduced a resolution at the last session of the Legislature. One was to pension the blind. It was declared unconstitutional. Another was to abolish the State constabulary. It did not pass.
